

Dermatology curriculum

Suggested resources: DermNet NZ <https://www.dermnetnz.org/> for pictures and clinical information and Therapeutic guidelines etg for management (dermnet also covers management with less detail)

Skin conditions

Premalignant and malignant non-melanoma skin cancer

- Basal cell carcinoma
- Actinic keratoses
- Bowen's disease
- Squamous cell carcinoma
- Keratoacanthoma
- Paget's disease

Melanoma

Benign skin tumours

- Seborrhoeic keratoses
- Skin tags
- Dermatofibromas
- Hypertrophic and keloid scars
- Chondrodermatitis nodularis helioides
- Epidermal cysts
- Pilar cysts
- Sebaceous hyperplasia

Eczema, dermatitis and related conditions

- Plant dermatitis
- Lichen simplex chronicus
- Hand eczema
- Asteatotic eczema
- Contact dermatitis
- Fingertip eczema and keratolysis exfoliativa
- Nummular/discoid eczema
- Pompholyx
- Prurigo nodularis
- Chronic venous insufficiency: stasis dermatitis and venous leg ulcers
- Atopic dermatitis
- Ichthyosis vulgaris
- Keratosis pilaris
- Pityriasis alba

Psoriasis and other papulosquamous diseases

- Psoriasis vulgaris (plaque)
- Guttate psoriasis
- Pustular psoriasis (localised and generalised)
- Flexural (inverse) psoriasis
- Erythrodermic psoriasis
- Seborrhoeic dermatitis
- Grover's disease
- Pityriasis rosea

- Lichen planus
- Lichen sclerosis

Bacterial skin infections

- Impetigo
- Cellulitis and erysipelas
- Folliculitis
- Furuncles and carbuncles

Viral infections with cutaneous manifestations

- Warts
- Molluscum contagiosum
- Herpes simplex
- Varicella
- Herpes zoster (shingles)
- Hand, foot and mouth disease
- Ross River Fever (RRV disease)
- EBV
- Measles
- Rubella
- Viral exanthema
- Erythema infectiosum
- Roseola infantum

Fungal skin infections

- Candidiasis
- Tinea versicolor and pityrosporum folliculitis
- Onychomycosis
- Angular cheilitis
- Tinea pedis and tinea cruris
- Tinea corporis and tinea manuum
- Tinea faciei and tinea barbae
- Tinea capitis
- Tinea incognito
- Kerion

Acne vulgaris, acne rosacea and related disorders

- Acne vulgaris
- Rosacea
- Perioral dermatitis
- Hidradenitis suppurativa

Urticaria

Exanthems and drug reactions

- Kawasaki disease
- Cutaneous drug reactions

Hypersensitivity syndromes and vasculitis

- Erythema multiforme
- Stevens-Johnson syndrome
- Toxic epidermal necrolysis

- Erythema nodosum
- Henoch-Schönlein purpura
- Toxic erythema

Skin infestations and bites

- Scabies
- Pediculosis (lice)
- Papular urticaria, flea bites and bed bugs
- Swimmers itch
- Cutaneous larva migrans

Vesicular and bullous diseases

- Dermatitis herpetiformis
- Bullous pemphigoid

Light related skin diseases and pigmentation disorders

- Polymorphous light eruption (PMLE)
- Porphyria cutanea tarda
- Vitiligo
- Freckles and lentigines
- Melasma

Vascular tumours and malformations

- Haemangiomas of infancy
- Cherry angiomas and angiokeratomas
- Pyogenic granuloma
- Kaposi's sarcoma
- Telangiectasias
- Spider angioma (spider naevus)

Hair and nail disorders

- Male pattern baldness
- Androgenetic alopecia in women
- Telogen effluvium
- Alopecia areata
- Trichotillomania
- Onycholysis
- Paronychia (acute and chronic)
- Ingrown toenails and subungual haematoma
- Digital myxoid (or mucoid) cysts

Neonatal skin diseases

- Toxic erythema of the newborn
- Miliaria
- Cutis marmorata

Sexually transmitted infections and skin

- Syphilis
- Chancroid
- Genital warts
- Genital herpes simplex

Cutaneous manifestations of internal disease

- **Acanthosis nigricans**
- **Neurofibromatosis**
- Tuberosus sclerosis
- **Granuloma annulare**
- **Necrobiosis lipoidica**
- **Pyoderma gangrenosum**
- **Malar rash of SLE**

Miscellaneous:

Xanthelasma

Erythasma

Chill blains and frost bite

Nappy rash (Irritant dermatitis)

Nappy rash due the candidiasis (Monilia nappy rash)

Hyperhidrosis

Orf

Milkers nodules

Lipoma

Dysplastic naevi

Blue naevus

Halo naevus
